

Building a Stronger Future, One Classroom at a Time

PAWS CLASSROOM SPONSOR PROGRAM 2025-2026

Dear Corvallis Schools Friend,

Once again, we would like to present a sponsorship opportunity for community members and businesses to impact the lives of teachers and students in the Corvallis School District. PAWS Classroom Sponsors help ensure that teachers can fulfill their greatest classroom needs and STEAM learning is enriched.

The PAWS Classroom Sponsorship Program has been successful thanks to generous donors like yourself. ***Our 2025 goal is to provide 76 Classroom Sponsorships!***

Your tax-deductible sponsorship of \$250 will help finance classroom needs for a grade or curriculum (such as classroom special projects, supplies, or a grade-wide field trip), STEAM (science, technology, engineering, art, and mathematics) projects, and teacher appreciation. Our Teachers explain:

"I want to extend my heartfelt thanks for your incredible generosity and support. Thanks to your contributions, my class was able to attend memorable field trips to both the insectarium and the planetarium – experiences that brought science to life in exciting, meaningful ways. In addition, your funding has allowed us to dive into engaging STEAM activities in the classroom, sparking creativity, curiosity, and a deeper love of learning in my students. These opportunities wouldn't have been possible without your support, and I am truly grateful. With Appreciation, Alicia McEwen (1st grade Teacher)

"Teaching 6th grade science should sometimes make a mess. That's because students need to build and create their way to solutions and learning. For this reason it's so important for a classroom like mine--where students are melting, cutting, gluing, pouring, burning, taping, and building--to have the support of the CSF. I am so thankful to be able to provide my students with sufficient tools and consumable materials for learning concepts in physical science and design because Corvallis parents financially support my classroom through a Classroom Sponsorship. It makes me eager to begin each school year dreaming up new learning experiences. Thank you PAWS!" Aaron Holmberg (6th grade Science Teacher)

Classroom Sponsors will have their name/company name displayed near the school offices and district office for the entire school year and receive recognition on the CSF website & Facebook page.

To become a Sponsor, please complete the included sponsorship form with grade/sponsorship preference and return it with a check to Corvallis Schools Foundation, 1151 Eastside Hwy, Corvallis, MT 59828. *The PAWS (Parents at Work in our Schools) group is part of the 501(c)3 non-profit Corvallis School Foundation. Tax ID 81-0516863.*

We hope that you can see the benefits of past sponsorships, and we would greatly appreciate your contribution to this year's sponsorship program.

Thank you for your support,

Corvallis Schools Foundation and PAWS Volunteers
